JOINT INTERIM SUBCOMMITTEE NO. 2

ORGANIZED
AUGUST 30

Representative Bob Marks and Senator Paul Boylan were elected chairman and vice-chairman, respectively, of Joint Interim Subcommittee No. 2 on the evening of August 30. Following Subcommittee and public review and discussion of the study plans prepared by staff, the Subcommittee adopted the plans for both the navigability study under HJR 36 and the state lands study under HJR 40, although the latter plan was amended. The Subcommittee voted to limit its study of state lands to the management of forest resources, with particular emphasis on the problems associated with fire protection on the forest lands.

LAND MANAGEMENT
REVIEWED

During the morning of August 31, the Subcommittee received presentations from State Lands Commissioner and from several representatives of the Department of State Lands Forestry Division. The presentations focused on general management of state forest lands and on fire control.
